

Malaysian Hardwood Plywood

as supplied by DHH Panel Products Ltd.

We are pleased to confirm that this product is sourced from **MTCS (Malaysian Timber Council Scheme)** certified forests, which provide a level of assurance of legality for timber originating from these forests; and helps demonstrate responsible forest management.

The MTCS is the first national certification scheme in South Asia to be endorsed by the **Programme for of Endorsement of Forest Certification™**

More information about the Malaysian Timber Council Scheme can be found [here](#)
